

'We are not all like that' is a cop out of cowards and VA is staffed full of them. Those who try, really try to make proactive changes upset the status quo of good old boys and girls running the employee gravy trains benefiting them at veteran expense. VA retaliates brutally against any employee or veteran who speaks up. They are exceptions to being

like the rest; but, you brave cowards that remain silent or look the other way are just like the criminal elements you claim to oppose. The veteran suicide epidemic is epitome of that. The latest cop out is 'not all suicides are VA's fault.' No one ever said that 'all' were your doing; however, that is a matter of perspective. Every suicide death on VA campus is your fault, and those off campus remain your onus because since you cannot care for those under active treatment, VA staff turns away vets when seeking it the first time, and never includes them officially into your system. That is murder by proxy suicide when you turn away traumatized vets seeking care. When it is never recorded, then you can lie with figures that 70% of the suicides were not actively under VA care. So what? That is an ad hoc, weasel statement from PR covering up VA incompetence and criminal negligence. How can they be under your care when you deny them access to it? Or delay so long that out of desperation and hopelessness the vet ends it all.... Moreover what good is a timely visit when the care is harmful, negligent or simply useless when administered from unqualified, clueless case workers or staff nurses substituting for therapists or 'malpractice poster children' doctors of ill repute? I can prove VA drugs traumatized vets by PTSD then psychologically terrorizes s/he in back room 'therapy' before turning loose a suicidal, psychotic, patient driven to finish the job of self-murder. That explains the reason for VA campus and parking lot suicides. Dead vets cannot talk but their families and lawyers filing wrongful death suits certainly tell many tales. Those suits now total over 1 billion taxpayer dollars and climbing. Dead vets finally get justice from their graves. 24 veterans died by suicide on VA campuses in an 18 month span between years 2017-2019. VA owns every one of them - dead on. WW2 did not defeat Nazis; they simply migrated to America and set up shop in places like the VA. Now they do live animal experiments on vets, dogs and cats in Amerika instead of Jews locked in Nazi concentration camps. So, yes, VA employees you are all like that when you do nothing except turn away in denial of what is real. The following applies especially to people such as you...

### ***First They Came***

***First they came for the ~~Native Americans~~***

***Then they came for the ~~Jews~~***

***Next they came for the ~~soldiers and veterans~~***

***When they came for you and me***

***None were left to fight for you....or me.***

***If you will not stand with us***

***When it is your turn, who will stand and fight with you?***

***Just remember they always dispose of useful ~~idiots~~ last.***
